DIGESTION

CHEW

INTESTINE

MOUTH

ACID

Copy the words on the word search below. Make sure you use lower case:

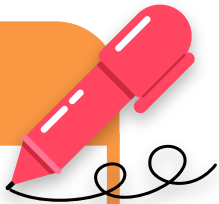

Untangle these words and find the name of the different steps/parts of the body involved in the "digestion" process :

C M O S T A H

G R I L A E E N T T S E I N

L O C O N

S I N E S T T A L L M E N

W A W L L O S

C W H I N E G

With your teacher's help, write the name of each step, then make a drawing of it:

STEP or PART OF THE BODY	ACTION	DRAWING
1	<i>The action of making food really small</i>	
2	<i>The action of making food travel from the mouth, down to the esophagus</i>	
3	<i>Part of the body that mashes the food through movement and the help of special acids</i>	

With your teacher's help, write the name of each step, then make a drawing of it:

STEP or PART OF THE BODY		ACTION	DRAWING
4		<i>Part of the body that looks like a long tube. It twists and turns to take dissolved food to the large intestine</i>	
5		<i>Part of the body where water is removed from the rest of the food paste to become... Poop!</i>	
6		<i>Part of the body where poop travels through before being deposited into the toilet</i>
