

# WATER EVERYWHERE

4-5-6 YEAR OLDS

With the help of your teacher think about and draw ways to save water while doing the following actions:

## BRUSHING YOUR TEETH

Instead of leaving the water  
running I can...

## WAITING FOR THE WATER TO GET WARM

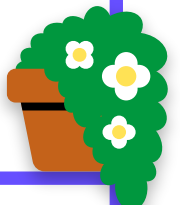

While I wait I can use a  
bucket to keep the water for  
another usage...

## HAVING A BATH

Instead of having a bath  
I can...

## WATERING YOUR PLANTS

Instead of using clean water  
each time, I can use  
recycled water from...

# WATER EVERYWHERE

6-7-8 YEAR OLDS

Our planet has only a certain amount of water, so we need to keep our water clean and not waste it. In what ways do you think you can help conserve water each day? Think with your classmates about how we all can conserve water and draw it:

HOW CAN WE CONSERVE  
WATER IN OUR HOME?
