## DINOSAURS

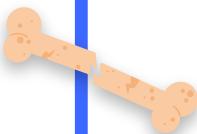

6-7-8 YEAR OLDS

Use your tablet and find a dinosaur that lived on land, another one that lived in the sky, and a third one that lived in the sea. Draw them and write their name; then find out if they were *herbivore*, *carnivore*, or *omnivore* and check the correct box!

## LAND DINOSAUR

- Herbivore (only eats **plants**)
- Carnivore (only eats **meat**)
- Omnivore (eats **everything!**)

---

## SKY DINOSAUR

- Herbivore (only eats **plants**)
- Carnivore (only eats **meat**)
- Omnivore (eats **everything!**)

---

## SEA DINOSAUR

- Herbivore (only eats **plants**)
- Carnivore (only eats **meat**)
- Omnivore (eats **everything!**)

---

Research: What was the **LARGEST** dinosaur? And the **SMALLEST**?
